

TERMS & CONDITIONS

ALL BIDDERS MUST:

1. Comply with all applicable local, State and Federal regulations which regulate transport, handling and disposal and/or recycling of electronic waste.
2. Ensure that the treatment, storage, and disposal facility(ies) to which the waste will be taken has applicable State, Federal, or other approvals/permits necessary to accept, treat, recycle, and/or dispose of the waste.
3. Ensure that the "transporter(s)" of the electronic waste has applicable State, Federal, or other approvals/permits necessary to transport the waste.
4. Provide all services* (on an "as needed" basis).

* Services to include the following:

- Preparation of labels, manifests, bills of lading, and any other shipping papers, as necessary
- Retrieval of wastes from various Erie County facilities
- Labeling of containers, as necessary
- Loading, transport, and disposal and/or recycling of wastes
- Any other services, if necessary (identify)

5. State any special terms or conditions: Credits given for items on schedule are for complete units. Incomplete CPU's, Servers, laptops are accepted at no charge. Payments for Mainframe computers, per unit, do not apply to Tape Drives which are accepted at no charge.

For each type of waste listed below, please complete all boxes in the table.
 Provide a cost per unit (or credit per unit, if applicable) for disposal/recycling.

*If no charge will be required for any of the wastes/services listed, N/C should be entered into the appropriate box.

**If transport fees can be avoided by providing a minimum # of units for disposal/recycling, the amount for each different waste stream should be entered into the appropriate column.

Waste Type	Cost* Per Unit	Credit* Per Unit	Transport Fees*	Minimum # of units necessary to avoid transport fees**
